Work experience

09/2019 – 01/2020

HVAC Mechanical Designer

Strik Baldinelli Moniz Ltd, London, Canada

Using the Wrightsoft program, my primary role was to design duct layout and size heating and cooling equipment for residential homes.

06/2017 – 08/2019

Research Engineer

Massachusetts General Hospital & Harvard Medical School, Boston, United States of America

Designed and ran an automated system for high- throughput drug screening. 20,000 + compounds tested weekly on different brain tumour cells.

01/2016 – 05/2017

HVAC Technician

Comfort Zone HVAC Services, Windsor, Canada

Examined heating and air conditioning systems for signs of defects or malfunction. Installed air conditioners, furnaces, mini- splits, HRV/ERV equipment and hot water tanks/tank-less water heaters, and tested them for proper operation.

Education

01/2020 – present

Full- Stack Web Development

University of Toronto, Toronto, Canada

01/2015 – 05/2017

Manufacturing Engineer

Cape Breton University, Sydney, Canada

09/2011 – 12/2014

Mechanical Engineering Technology Design

George Brown College, Toronto, Canada
